Enter Identifying Information

Enter your information to confirm your identity. This information must match what Salal currently has on file for you. Once completed, click the green **Continue** button at the bottom of the page.

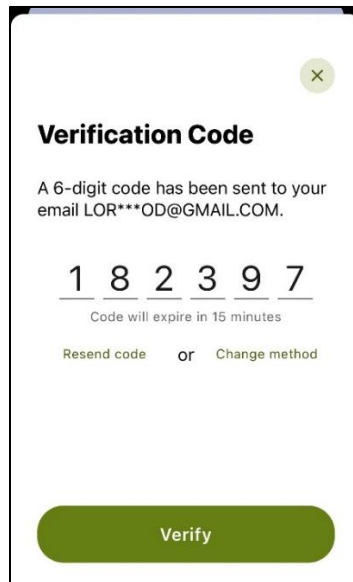

The screenshot shows a mobile application interface for confirming identity. At the top right, there is a close button (X). The main heading is "Confirm Your Identity". Below the heading is a paragraph of instructions: "The following information is used to verify you have an account with Salal Credit Union and that you are the owner of the account. We match your answers against our records. Fields marked with * are required and you must answer all questions to continue. You will be locked out of the system after 3 invalid attempts. Please DO NOT include leading zeros when entering your account number which can be found on your monthly statement. Also, for Business Online Banking users, please insert your business TIN/EIN number instead of your SSN." Below the text are five input fields: "Member Number" with the value "63"; "Social Security Number (SSN/TIN)" with a masked value of "●●●●●●●●" and an eye icon; "Date of birth" with the value "03/ 10" and a sub-label "MM/DD/YYYY"; "Email" with the value "Lo .com"; and "Zip Code" with the value "9: 1". At the bottom is a large green button labeled "Continue".

Verify Your Identity

Select a method and click Continue to receive a one-time code to verify your identity. The code will be sent using the contact information we have on file from account opening. On the next screen enter the code, followed by **Verify**.

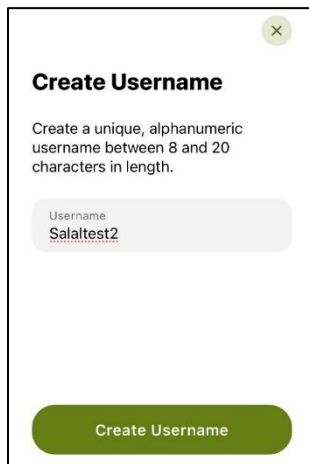

The 'Verify Your Identity' screen features three selection options: 'SMS Text' (unselected), 'Email' (selected), and 'Voice call' (unselected). Each option includes a brief description of how the one-time code will be delivered. The 'Email' option is active, showing a dropdown menu with the email address 'LOR***OD@GMAIL.C...' selected. A green 'Continue' button is positioned at the bottom of the screen.

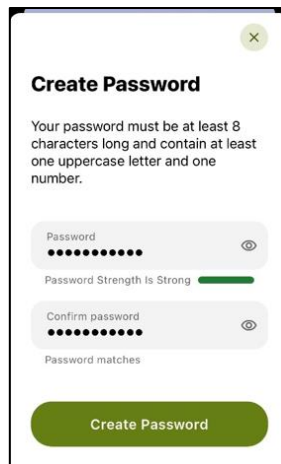

The 'Verification Code' screen displays a 6-digit code '1 8 2 3 9 7' in large, spaced-out digits. Below the code, it states 'Code will expire in 15 minutes'. At the bottom, there are links for 'Resend code' and 'Change method', separated by the word 'or'. A large green 'Verify' button is located at the very bottom.

Create Username

Enter a username in the text box and click the green **Create Username** button. Next, you will create a password.

The 'Create Username' screen prompts the user to 'Create a unique, alphanumeric username between 8 and 20 characters in length.' A text input field contains the username 'Salaltest2'. A green 'Create Username' button is at the bottom.

The 'Create Password' screen requires a password that is 'at least 8 characters long and contain at least one uppercase letter and one number.' It features a password input field with a strength indicator showing 'Password Strength Is Strong' with a green bar. Below it is a 'Confirm password' field. A green 'Create Password' button is at the bottom.

Your new password must be at least eight (8) characters in length and contain at least:

- One lowercase letter
- One uppercase letter
- One number
- One special character

Note: Your password cannot contain your member number or Social Security number.

Enter your new password. Once you have confirmed your password, select the green **Create Password** button when it appears.
