<p>Additional information about Courtesy Pay, Overdraft, and NSF fees:</p> <ul style="list-style-type: none"> An overdraft occurs when transactions such as checks, debit card purchases, or ATM withdrawals exceed your account's available balance and you do not have enough available funds in your account to cover the transaction. We may pay an overdraft item and overdraw your account or we may decline or return the item unpaid (a non-sufficient funds or NSF item). Paid overdraft items via a Courtesy Pay program will be charged a fee when the account is overdrawn by more than \$25. NSF items will not be charged a fee by Salal. See the <i>Consumer Membership & Account Agreement</i> for more information about available funds, insufficient available funds, and overdrafts. Courtesy Pay program fees are incurred and will be charged (subject to daily limits) each time a check or ACH item is submitted, presented, or re-presented for payment when your account is overdrawn by more than \$25. This may result in multiple fees being incurred in connection with a particular transaction. Daily maximum may include payment of four (4) Courtesy Pay fees, up to \$116. If the amount of the single transaction that created the overdraft is less than \$5, you will not be assessed a Courtesy Pay fee. To help you manage your account and prevent overdrafts, we recommend that you set up alerts within Digital Banking to warn you when your balance falls below an amount you specify.
